Online Registration

This form is used for including the fishermen in the fishermen list published by the Dept.

Process:

The user has to enter the Application details, Address details, Location details, Constituency details, Type of fishing Activity, Fishing related details, Vessel details, Bank details and upload photo. After completing the first part the user has to Save the Application by clicking Save Application button. Then a popup dialog box will appear to remind to enter family and identity details. Then click the plus sign to open family details or identity details to enter the family and identity details. After entering the mandatory data, a button will appear on bottom to submit and freeze. Once the application is submitted no further changes cannot be done and the application is forwarded for verification officer on respective fisheries offices.

The Mandatory fields are marked in Star.
